Downtown Main Street trees getting in shape!

The City has contracted with Tip Top Tree Services to begin trimming 49 Live Oak trees in the Downtown area on Wednesday, October 29th. Work will begin at 8:00 a.m. and will end at 5:00 each day and should take 3 to 5 days to complete. The City and contractor will coordinate the tree project in a manner that offers the least impact to business owners, customers, and residents.

Trees facing the pruning shears are located along Magnolia Avenue (between Grove St. & Bay Street) and Eustis Street (between Orange Ave. & MacDonald Ave.). All work will be supervised by a Certified Arborist and will include the removal of dead branches and moss, raising the tree canopy to a minimum of 10 feet above the roadway and sidewalk, and reducing the branches away from buildings, banners, and streetlights. The tree pruning project will prepare the trees for the holiday lights, which will be hung by the Public Works Department in early November.

For more information regarding the Downtown tree trimming project, please call Rich Hoon, Assistant to the City Manager / Community Relations, at (352) 483-5430.

Main Street received the awards at the State Main Street conference held recently in Venice, FL. One award was presented for the Ferran Park Fountain Heron Sculpture, the second for Fountain Green, the interim sculpture park on the former Waterman Hospital site. Eustis partnered with Main Street's Public Art and Music on both projects.
