## **Eustis to celebrate National Public Works Week**

EUSTIS – In accordance with the tradition of the American Public Works Association, those who work in professions that provide and maintain public facilities and services will be honored during National Public Works Week, May 21-27, 2006. A Proclamation will be presented by Mayor Jonnie Hale to John Futch, Director of Public Works, and Joby Jones, Public Works Foreman of the Eustis Public Works Department at 7:30, May 18, 2006 at the beginning of the regular City Commission Meeting at City Hall.

This year's national theme, "Public Works: The Heart of Every Community", is a tribute to the positive improvements that Public Works employees make to the community.

The American Public Works Association, sponsor of National Public Works Week, values communities and the role Public Works professionals lay in keeping them safe and functioning smoothly. Their objective is designed to increase public awareness of their contributions as well as to enlighten the public about the duties, practices, and goals of public Works professionals.

The support of an understanding and informed citizenry is vital to the efficient operation of the City's Public Works systems and programs, which include street, landscaping, and grounds maintenance, facility lighting, signage, and stormwater systems.

All citizens, businesses, and civic organizations are called upon to acquaint themselves with the issues involved in providing the Public Works systems and services to the community and to recognize the contributions that the Eustis Public Works Department employees make every day to our health, safety, comfort, and quality of life.
