## Public input sought to plan the future of the Community Redevelopment Area (CRA)

**EUSTIS** – The City of Eustis, in coordination with the University of Florida, will host a Public Forum at 10:00 am on Saturday, March 1, 2008 at the Garden Room at Carver Park located at 2214 East Bates Avenue.

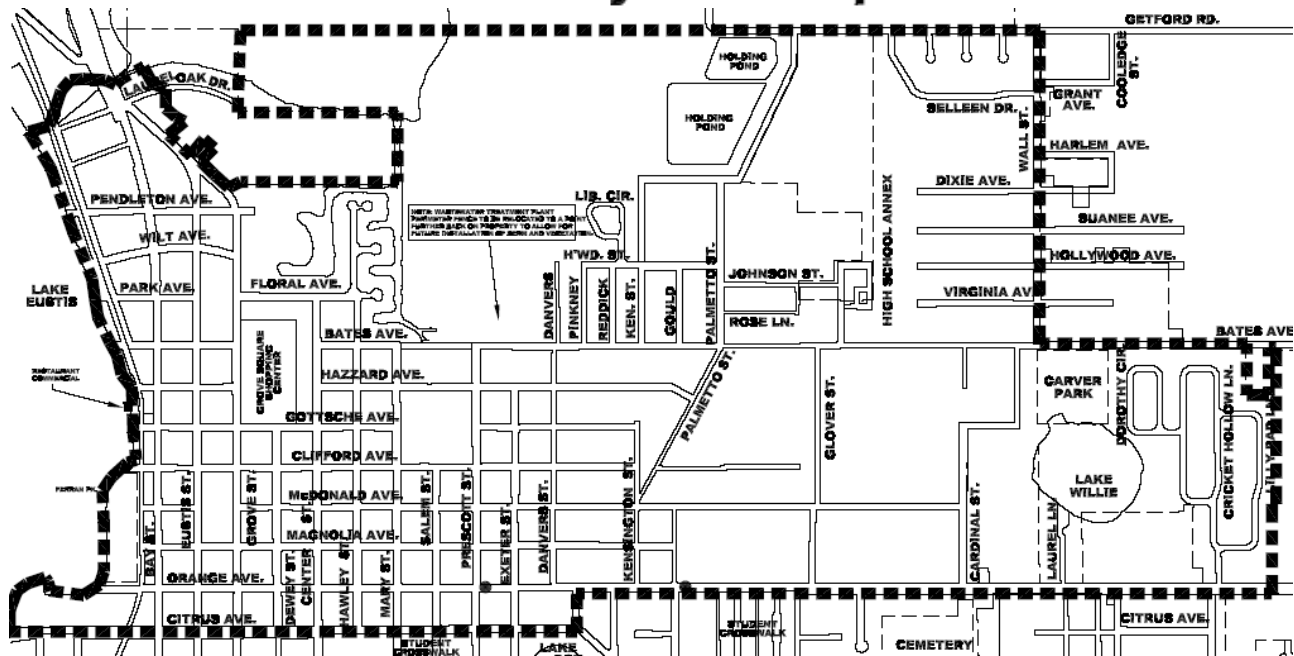

The purpose of this Public Forum will be to discuss goals and priorities for economic development and to help plan the future of the Community Redevelopment Area (CRA), including downtown Eustis. The forum will be facilitated by the Center For Building Better Communities at University of Florida.

The City of Eustis has contracted with the University of Florida to update the City's Redevelopment Plan. The University has completed a comprehensive assessment of the CRA and this Public Forum will assist them in clarifying goals and objectives for the future. In the final stage of this process, UF will develop an implementation plan and schedule for achieving the desired goals and outcomes that have been identified during the Public Forum and other studies and assessments.

All residents of Eustis are invited and encouraged to attend and give their input.

Notice is hereby given that more than one Eustis City Commissioner and one or more members of different committees or boards may be in attendance and may participate in discussions.
