- 1. This scope of work form with the signed and notarized roofing affidavit included.
- 2. Florida product approval installation instructions, current master filed systems or site specific engineering for all products used on the job.
- 3. Digital photographs of sheathing (if re-nailed), underlayment (if used), Purlins or insulation (if used) with a measurement devices shown to reference required spacing.

All the documents will become part of the inspection record. On-site inspections, per Florida Building Code 110, may be required by the Building Division to verify Code compliance.

BUILDING PERMIT DOCUMENTS REQUIRED FOR REROOFING

Before any development activity occurs on a piece of property, a permit must be obtained. All construction or permitted uses MUST meet the current Building Code for the State of Florida. The inspector will perform inspections and provide approval based on these codes.

Below are a list of items required at time of application submittal. Please note that incomplete applications will NOT be accepted.

Complete permit application, notarized by all applicable parties.

Owner-Building Affidavit, unless contractor is performing work.

Product approval sheets and detail sheets
