Eustis First Friday in March will celebrate Legos

EUSTIS – On Friday, March 1, 2024, the City of Eustis is hosting a Lego-themed First Friday in the historic downtown area from 6 to 9 p.m.

The event features a Brick Lab with Lego Car Racing and free mini-flags for the first 200 children. First Fridays are always family-friendly events, and kids of all ages enjoy building with Lego blocks. Food vendors offering a variety of treats along with retail vendors selling items and more will be lining the streets of downtown.

On stage, Eustis will be welcoming the Think Big Band from Orlando, known regionally for its classic rock, country, soul and funky blues repertoire. Visitors can listen or dance to the music and also enjoy visiting the many shops and restaurants in the downtown area.

For more information about First Friday, visit eustis.org or contact Eustis Events at (352) 483-5431.
